

MINI-VIEW POLYCARBONATE ROLLER SHUTTERS

MINI-VIEW POLYCARBONATE ROLLER SHUTTERS

Maverick Mini-view polycarbonate roller shutters are suitable for a wide range of commercial, industrial and domestic applications with either internal or external installations including: shopping centres, shop fronts, counter tops, arcades, servery's, clubs, doorways, verandas, or any area where visibility is essential whilst providing security against theft or damage from dust and vermin and with the added advantage of the discrete pelmet boxes where headroom is at a minimum.

SPECIFICATIONS

Size

Each individual Mini-view polycarbonate roller shutter can be manufactured up to a width of 3.6m or a total of 9 square metres.

Curtain

The curtain is manufactured by alternating and interlocking 50mm x 1.5mm clear polycarbonate slats with 36mm extruded aluminium slats, in 6063-T5 alloy to form a continuous hinge. Each joining slat is fitted with moulded nylon end clips to prevent lateral movement and provide a smooth and quiet operation inside the side guides.

Bottom Rail

The bottom rail of the shutter is manufactured from an extruded aluminium section 65mm x 10mm which shall encase a locking device. Optional felt brush available.

Locking

The bottom rail houses a keyed centre lock within the extrusion. This operates 15mm x 2mm aluminium flat bars which, when in the locked position, secure into the side guides on both sides of the opening. The standard locking position allows for double sided lock with operation from both inside and out.

Side Guides

The guides are manufactured from extruded aluminium sections 53mm deep x 25mm wide, 62mm deep x 25mm wide or Heavy Duty 72mm deep x 27mm wide. Optional felt brush available.

Brackets

Manufactured from slotted 90mm x 40mm mild steel.

Pelmet boxes

All Mini-view polycarbonate roller shutters can be enclosed in a various number of different size pelmet boxes from 150mm up to 250mm.

Drum

The drum is manufactured from 60mm diameter hexagonal tube and shall be fitted with helical coil springs designed to counterbalance the curtain weight throughout its full operation.

Operation

Manual operation, simply push up and pull down with supplied pull pole. Doors can be electrically motorised with various push button, remote control or key switch operation.

Finish

Clear anodised standard colour Powder coating as an option in Dulux powder coat range.

Maverick Roller Products Pty Ltd is continually researching and developing its products and reserves the right to change specifications without notice.
